The Southern Valleys of Marlborough are now firmly established as the premium Pinot Noir sub region, without question. Revered for its rich clay soils, cool nights and extremely warm days, the Southern Valleys are naturally formed north facing pockets of Pinot Noir perfection.

An early and even bud burst was followed by a warm spring and summer. Rainfall for this period was around average, so just enough to keep the vines and canopies healthy and green.

The early bud burst and warm summer meant that Pinot Noir was generally harvested at least 1 week earlier than normal. The quality was great, with the resulting wines being ripe, rich and complex.

Grape Varieties: 100% Pinot Noir

Tasting Notes: Knight's Point elegant Pinot Noir reflects its region's individuality bursting with floral aromas and redcurrant perfume. Let your taste buds do the walking through a fruity trail of raspberry, strawberry and spice flavours.

Sugar Level: 5.41g/l

Closure: Screw Cap
