Coravin is the only wine preservation system that allows you to pour any wine by the glass without the need to pull the cork, keeping your wines fresh until you decide to have the next glass. By eliminating the risk of oxidisation, Coravin provides the freedom and flexibility to enjoy wine on your own terms: Drink what you want, when you want, in the amount you want without ever worrying about wasting a drop.

No longer must you compromise by sharing your partner's Chardonnay if you prefer Sauvignon Blanc. With

Coravin, everyone in your household is granted the freedom to drink what they want, when they want, on their own terms.

Whether you have a wine collection that sits untouched, or just a special bottle sitting in a rack, with Coravin, you can pour a glass of even the most precious bottle, no waste or special occasion required.

Do you revel in your daily glass of wine, but wish you knew more about what you were drinking? Let Coravin help you expand your palette and understand the nuances behind each bottle.

The Coravin™ Model Two is Coravin's most intuitive wine system that gives you the freedom to pour and enjoy a glass of wine from any bottle at any time.

Model Two is the best-in-class tool that protects your wine from oxidisation using Coravin's proprietary

technology that leaves the cork in place while the wine flows.
