Domaine Robert Roth is an 18 hectare estate in the southern sector of Alsace. Young Victor Roth took over the running of estate from his father and uncle in 2017, having qualified as an oenologist and gained winemaking experience overseas, before two years as assistant winemaker at the legendary Zind-Humbrecht - biodynamic pioneer and arguably the best producer in Alsace. At this point the journey towards organic certification has already begun, with almost all the

vineyards certified for the 2019 vintage. Victor's first step was to move away from any commercial yeasts, or indeed any additives other than a little sulphur during vinification. Much of the work is carried out according to lunar cycles, and the wines are vinified and aged in a combination of old oak and stainless steel, spending maximum time in contact with their yeast lees to build complexity and stability with minimal racking. The grapes are vinified separately according to plot or soil type, and also largely released as such.
