Introducing Goldtooth - from the magic of the plant realm, island rituals & hedonism. Created by herbalist and co-founder Veenus Vortex, Goldtooth is Spain's own aperitivo vermouth with a contemporary twist. Slowly infused with herbs foraged and farmed locally in Ibiza, Veenus has taken a tradition going back years and brought it forward into contemporary culture. All natural with no E numbers its best enjoyed neat over ice or with a wedge of lemon and some tonic or soda water for a refreshing spritz.

Goldtooth brings hedonism for the conscientious consumer. Regenerative, sustainable: Earth conscious. Indulge yourself in the energy of the divine botanicals that grow wildly over the coastal islands of the Mediterranean and let the ritual find you. Goldtooth signature “Original” takes on a beautiful vibrant golden pink hue from the saffron, hibiscus and rose petals used. Slowly crafted using 23 herbs over a 5 week period the Original flavour has earthy notes of orange peel, wormwood and rosemary layered with top notes of rose petals, cherries and hibiscus. 15% abv. Serve over ice.
