The Copper Crew's Fiano is fresh and bright. It is harvested from Puglia, where there's plenty of sunshine which gives the wine packs of fruit flavour. It is a blend of 85% Fiano, blended with small amounts of Verdeca, Falaghina and Moscato. The vibrant and zesty fruit flavours are harnessed in the winery through a cooler steel tank fermentation and rested before it is packaged up into their signature cans. It is both Organic and Vegan friendly.
